

Welcome to issue 48 of Hazcheck News

World Wildlife Fund (WWF) and NCB Hazcheck Collaborate to Combat Illegal Wildlife Trade

An innovative partnership between NCB and the World Wildlife Fund (WWF) has been created to address the widespread issue of illegal wildlife trade. A significant step has been taken towards identifying misdeclared and undeclared products connected with illicit wildlife trafficking thanks to this alliance, which combines NCB's industry expertise in cargo screening.

Click the link below to find out more about the project between NCB and the World Wildlife Fund (WWF) and join us in our mission to preserve our priceless species and guarantee a sustainable future for future generations.

All our IMDG courses from Refresher to Advanced including role specific courses now have 49CFR and ADR Modules available.

To buy simply add the module to any course during purchasing. Alternatively, contact sales@hazcheck.com to buy. Each module costs £35.00.

49 CFR Module

49 CFR module provides an overview of the additional requirements for specific materials and packagings transported into/ out of the United States of America under the IMDG Code provisions. Includes;

- An introduction to the Code of Federal Regulations (CFR) and the Hazardous Material Regulations (HMR) 49 CFR Parts 100-180.
- Details on the authority organization of the HMR and its update schedule.
- Summary of the latest 49 CFR harmonisation with international regulations.

ADR Module

The ADR module looks at the additional provisions and/or variations applicable to the road legs of combined road/sea journey moving under the IMDG Code provisions. Includes;

- The legal framework for ADR including its scope and application.
- Relationship between road (ADR) and sea (IMDG Code) provisions.
- Additional documentation requirement arising under ADR when dangerous goods are being carried by road prior to or following a sea journey.
